SCREENING FORM FOR RESEARCH GRANT
BORANG SARINGAN PERMOHONAN PENYELIDIKAN

	Project information
A	Project Title :
	Project Leader :
	Faculty :

Summary of screening (Please tick the appropriate box)

		Inadequate (1)	Acceptable (2)	Good (3)
B	**i. Background**			
	Objective	☐	☐	☐
	Justification for the study	☐	☐	☐
	Relevant literature review	☐	☐	☐
	ii. Methodology			
	Descriptions of specific data to be collected	☐	☐	☐
	Descriptions of how the data will be collected	☐	☐	☐
	Descriptions of statistical methods and data analysis	☐	☐	☐
	Descriptions of inclusion and exclusion criteria (for human subjects)	☐	☐	☐
	iii. Anticipated Result			
	Descriptions of research output *	☐	☐	☐
	Descriptions of research impact **	☐	☐	☐
	iv. Work Plan			
	Descriptions of Gantt chart	☐	☐	☐
	Descriptions of milestones	☐	☐	☐
	Descriptions of flow chart	☐	☐	☐
	Completion of project within the proposed time period	☐	☐	☐

	Recommendation
C	☐ Application recommended for approval.
	☐ Application recommended with revision.
	☐ Application not recommended for approval.

	Comments regarding assessment **(Please provide explanation/, reasons for assessment and justification for any adjustment made if and when necessary).**
D	.... Name Signature Date ....

Appendix

* Research outputs :

    i. Publications / IP / Research services / Joint ventures
    ii. Discoveries / Inventions / Generation of new ideas
    iii. New or improved materials, devices, products, processes
    iv. New or improved goverment policy

** Research impact :

    i. Academic   -   a) Academic advancement
                          b) Enhancing the knowledge economy
                          c) Contributing toward the health of academic disciplines
                          d) Training highly skilled researches
                          e) Improving teaching and learning
                          f) Innovative tecniques, technologies and cross - diciplinary approaches.
